Go.

Go to the polls.

Do not fail to vote.

Come to hear Bradley.

Go to the polls and vote.

BRADLEY is here to-morrow week.

REPUBLICANS, do your duty, go to the polls and vote.

REMEMBER that the polls close at 4 o'clock on election day.

The Republican candidates, every one of them, are worthy of your support and best efforts.

WILLIAM O. BRADLEY, the next Governor of Kentucky, speaks here to-morrow week.

DON'T be too confident. Work for the whole ticket early and late, till 4 o'clock Nov. 6.

In the Louisville Immigration Convention, Ohio county was first in the number of delegates.

The great orator and Statesman, William O. Bradley, will speak at the Court House Nov. 3. Come and hear him.

SEE to it that there are no stay-at-homes in your precinct. Will you do it? The election turns with your answer.

IF every Republican in Ohio county will vote on November 6th, every Republican candidate will carry the county by a handsome majority.

CAN you do anything for the Republican ticket? Of course you can. You can go to the polls and vote and get some other Republican to go with you.

JOHN W. LEWIS grows more popular with the masses every day. His campaign has been a magnificent one and his victory will be of like nature. Republicans, the size of his majority depends on you.

LET every citizen do all in his power to push forward the cause of securing desirable immigration to Kentucky and Ohio county. Some new blood would do this old county an immense amount of good.

IT is not necessary for the Republicans to follow the Democratic motto of "vote early and often," but simply to vote once and stamp the ballot squarely under the eagle. Do that and victory is ours.

If you believe you can buy a hat for 71 per cent. less, a shawl for 77 per cent. less, or a woolen blanket for 69 per cent. less than you paid under the McKinley bill just try it. These "pictorial illustrations" are humbugs to deceive the people.

THE difference between that Ohio mob and the conventional Southern mob is that in Ohio the law was maintained and the criminal is paying the penalty for his crime in the penitentiary, while in the mob of the Southern variety all law is trampled under foot.

THE candidates finished their regular tour of the country at Olinton on Tuesday of this week. To say that the Republican candidates have held their own on the stump is to put it mildly. They have gained from start to finish and nothing but failure on the part of the Republican voters to turn out can compass their defeat.

WHEN studying the positions of parties on the pension question, old soldiers should remember that the

Harrison Administration issued six certificates to one rejected, while the Cleveland Administration rejected four claims to every one it allowed. In other words a ratio of 24 to 1 in favor of the Republican as against the Democratic administration.

WHENEVER you hear a man say that the Republican party is responsible for the present constitution of Kentucky—well you know yourself what he is. The present constitution, with all its faults, is better than the old, but you must remember that the bill originating the call of the Convention that formed the Constitution was overwhelmingly Democratic, the Constitutional Convention itself was overwhelmingly Democratic, and at the election at which the Constitution was adopted by over 100,000 majority, the Democrats carried the State by almost 30,000. Take your medicine and quit your yarain!

THE State of Kentucky has voted in no less than twenty-six Presidential elections. An analysis of these votes will show that seven of them were cast for candidates whose opinions on the Tariff were doubtful, or whose platforms on the question were either silent, for incidental Protection, were straddles or as in 1892 for Free Trade, while nineteen times the State has cast her vote for pronounced Protectionists. Thus it will be seen that the grand old Commonwealth has departed from the faith, but the indications of the present and recent past point unmistakably to an early return to her fire love.

THE effort of the business men of Louisville and the public spirited citizens throughout the State to induce immigration to Kentucky is a most commendable one. The interest already manifested in our county gives assurance of much good. The Commercial Club here has made very commendable efforts in obtaining information relative to the resources of the county and in this work prominent citizens in every neighborhood have given assistance. Several members of the club, with other citizens of the town and county, attended the meeting at Louisville this week, where the resources of the county were presented in a manner that would make the humblest citizen proud of this great county.

OUR anarchistic contemporary on the corner devotes two-thirds of a column of its valuable (?) space this week to a batch of garbled statements from Republican speakers in a vain attempt to prove that Protection feters trusts. The extracts on which it relies knock it silly, but it doesn't seem to know what it is knocking silly. In fact that's its normal condition. It quotes Mr. Sherman as saying: "Whenever this free competition is evaded by combination of individuals or corporations, the duty should be reduced and foreign competition promptly invited." Certainly. The McKinley bill gave the Sugar Trust a most effective blow by placing sugar on the Free List and the Democratic party true to its friendship for trusts comes along and replaces the duty on sugar.

IT hasn't been long ago since the "promoter of anarchy" at the corner was delighting itself with the most outlandish and unheard of vilifications of the Populists, their candidates and their officials. How time has changed 'em. Now, it's time to softsoap the Populists at every opportunity and make the opportunity itself. Shame on such hypocrisy. But everybody can see through it. The insinuations that Mr. Russell sold out to the Republicans and come off in consequence is an insult to every self-respecting Populist in the District. Mr. Russell is an honorable and highly respected gentleman and nobody has any right to say that he comes off for any other reasons than those named in his card. The *Herald* ought to know, from sad experience, that so far, at least, as Ohio county Populists are concerned, they are abundantly able to attend to their own business.

THE statement in the *Courier-Journal* that the Populist party of Butler county had a meeting and denounced Judge Guffey is a mistake and without foundation. It may be true that a few, who are really Democrats, had such a meeting, but no such official action has been taken by the party in Butler. This is only the adoption of the same methods so beautifully described in the Louisville *Times* of April 19th, last, in describing the canvass made as it said along back-paths and in gum shoes, in reference to the Democratic nomination for Judge of the Court of Appeals. It is said, and it is our understanding, that a large majority of the Populist party that votes will vote for Judge Guffey in Butler, as well as throughout the District. But we do not pretend to be deceived.

A Light Wrap.

Something that will just keep the chill off, when you are riding or walking. You don't feel like putting on heavy winter garments, but you do need a light wrap.

An UMBRELLA

You might as well think of going without a hat as to wear one and have it spotted and spoiled by the fall rains. You need an umbrella, something neat and yet inexpensive.

A Rain-Coat.

Well, a rain-coat is what everyone needs, and we don't have to argue that point.

Indeed, I suspect that Davies gave the word the sound of "pert." That Davies used "gent" as a term of respect is shown by his characterization of another reverend doctor as "a venerable, kindly, and affectionate old gent." It will not do, therefore, to account in word recent because of its slanginess.

When a smoker professes fondness for "the weed," he does not dream that he is using an epithet applied to tobacco by King James I in 1620, and that nearly two hundred years earlier than James, in the reign of Edward VI., the hooligan just coming into England was called "the wicked weed." Fullerton, G. W. Martin, W. M. Awtry, H. F. Myers, and S. T. Stevens. In the absence of Judge Morton, Esq. R. T. Render was chosen presiding officer and in the absence of County Attorney Felix, B. L. Kelley was chosen to act in his stead.

Mr. Frank Potter & Co. will furnish lumber for the Beaver Dam people.

Rev. J. B. Perriman is pastor of both churches, and was instrumental in having these churches erected.

Forest fires are doing much damage in various parts of the county.

In the Washington neighborhood,

a few miles north of town, Mr. Graves fired

a log heap last Saturday and the fire spread rapidly, doing great damage

to young timber and burning the fence around several farms, and in some instances it has taken the united

effort of the whole neighborhood to

put it out from burning outbuildings

and dwellings. Farmers have been

compelled to gather their corn, the fence being burned away leaving it unprotected.

The fire is still raging and there is no telling what the result will be.

There is a good deal of town talk

about Fair Bros. & Co. and with just cause, too. Have you heard the offers they are making on boots & shoes.

The voters of Fordsville should not

SYMPOTMS OF CHRONIC CATARRH

As Described by Dr. Hartman, one of the Greatest Authorities and Writers on Catarrh.

The symptoms of chronic catarrh vary according to the stage and exact location of the disease. The first stage of catarrh of the nose and head produces discharge from the nose, sneezing pain in the eyes and forehead, weak, and sometimes watery eyes, occasionally loss of memory. In the last stage the discharge ceases, and dry, offensive scabs form in the nose; polyp growth sometimes form in one or both nostrils, and the pain in the head and eyes is much less. Unless something is done to prevent, the catarrh will follow the mucous membrane into the lungs, where it will be followed by cough, night sweats, rapid loss of flesh, and the other dread symptoms of consumption.

Pe-ru-na is a specific for every case of catarrh, whether the disease is located in the lungs, kidneys, or stomach. The dose of *Pe-ru-na* should be a large tablespoonful before each meal and at bedtime. Women and some delicate men should begin with a teaspoonful, and slowly and gradually increase to the above full dose.

Pe-ru-na looks on chronic catarrh, la-gripe, coughs, colds and consumption are being sent to any address by *Pe-ru-na* Drug Manufacturing Company of Columbus, Ohio.

In Memory

Clara L. Ball, daughter of Henry B. and Jennie Ball, who departed this life September the 1st, '94; aged 19 years and 13 days. Another happy home has been made sad and lonely by the death of one of its sweetest members. Clara was lovely to us, not only because of her smiling face and naturally sweet disposition, but was expressed in every feature and action of this young and modest girl.

While just in the bloom of youth, that much dreaded disease, consumption, laid hold of her delicate frame, and after several months of suffering, in spite of all that friends could do, we had to bid Clara farewell and close her once sparkling eyes in death, but let us not murmur at the workings of Providence. We know that God is just, the cloud that overshadows may have a silver lining.

The community has lost an ornament, fond parents an affectionate child, her school teacher and associates a favorite, but we believe Heaven has gained an angel. Funeral services were held at Equality church conducted by Rev. R. D. Bennett after which the remains were laid to rest in the cemetery near by to await the resurrection morn. Dear parents, brothers and sisters cheer up she is not dead but sleepeth.

The announcement of B. L. D. Guffey, candidate for Appellate Judge, will be found elsewhere in this issue. Judge Guffey belongs to no ring or clique. He is recognized as the peer of any lawyer at the Kentucky bar, and was nominated upon his merits. He is without a Christian gentleman—above the petty things necessary to the success of the average office-seekers. Men who cast their votes for Judge Guffey will have supported a man worthy their confidence and esteem, officially, politically and socially.—[Farmers & Labor's Journal.]

ELMO WILLIAMS, Teacher.

Father is Dead.

The morning was dark and gloomy and I was applying my brushes with their different colors to a beautiful little cottage, when the words "your father is dead" came to my ears and brought a feeling of disappointment and bereavement, which settled o'er me like a pall. After learning that my father was to be buried near Beda, I caught my horse and started for the funeral. While on my way my mind wandered back to the time we have knelt around the family altar,

When I think of his warfare in the great rebellion for the Union. How often after a forced march or a fierce battle, when the cold bleak winter winds were howling round him, with his comrades, had to spend the nights, upon the cold mud or in the rain or snow. Again when I think of his Christian warfare, through all his joys to sorrows in this life, and how he, to the end, held out for God and the right. But how different the rest he is now enjoying to the rest of other times. But he has fought and won his last battle, for God has said, "Come unto me all that are weary and are heavy laden and I will give you rest." A rest which none but God can give.

How often I think of the true type of Christian life, of his true Christian character. Dear brothers and sisters although we will miss the face and voice which we will never see or hear on earth again, we will never forget his life among us as a father. Let us follow his example and keep ourselves unspotted from the world. Disappointment may sadden us, grief may bereave us, but there is nothing but "sin" in the universe of God that can ruin, paralyze, debauch and damn the soul of man. Let us shun all appearance of evil. Though we will feel the loss of our father. Though our mother will feel the loss of her companion, who was her shield and her comforter in time of trouble, yet feel that all our loss there was one bright ray passed through the earthly gates that stand afar for all that leads to that hope of eternal bliss and glory and is illuminated only by God's love. Let us then tread that path which will lead us

To try the realities of that far unknown; That we may meet with him Where God will claim us as his own.

As to the Flood Doctors Differ.

Suess, in Das Antlitz der Erde, and Neumayer, in Erdgeschichte, have attempted to show that the Moscovite account of the deluge was copied with little change from an original Assyrian version and that was a local flood which took place in the plains of the Tigris and Euphrates, not in the valley of the Jordan. In a recent number of Natur Wochenschrift, however, Richard Hennig tries to prove that a general flood took place in the ice age during the quaternary period.

CAPTURED A PORCUPINE.

A Tennessee Farmer Obtains an Odd Subject for Exhibition.

Jack Landow, of District fifteen, Dyer county, Tenn., has struck a piece of unprecedented good luck. Early one morning he picked up a hatchet and started out to the woodpile to cut some kindling for his wife. As he stepped from the kitchen he was considerably surprised to see a large hemlock porcupine climbing a tree about ten feet from the door.

Jack had often heard if a porcupine's tail is cut off while the animal is in the act of climbing it will stop and either refuse to climb higher or descend. As the prickly little animal was only about four feet from the ground Jack had no trouble in springing forward and with a quick blow of the hatchet severing the tail of the porcupine in twain.

Sure enough the animal ceased its ascent and remained in the same position. A porcupine is rarely seen in that section of country, and was therefore quite a curiosity to Tennessee. Jack's neighbors soon heard of the porcupine and came to see it. Landow could see no reason why he should not make some money out of the thing, so he placed a twelve-foot, peep-tight board fence around it and charged ten cents admission. He made several dollars a day with his prize.

The animal became accustomed to the spectators and would readily eat and drink from its master's hand. Landow said he would cut off a section of the tree with the porcupine on it and carry the animal around and exhibit it but for the fact it is a valuable shade tree, and the porcupine might not be able to hold on long enough.

Signaling at Sea.

The British government is testing a new plan for signaling at sea.

It consists merely of an ordinary gong fastened to the bow of the ship below the water line. This acts as a transmitter, and the receivers are gongs of exactly similar tone and rate of vibration, one on each side of the ship below the water line. The receiving gong will take up and reproduce the sound of the sending gong from a long distance. Signals already have been clearly transmitted ten miles.

Passengers' Rights.

Recently a decision regarding the rights of passengers in sleeping cars was handed down by the court of general term in the Fifth department of New York which further defines the rights of passengers.

Courts in New York and other states have held that the sleeping car company was responsible for the loss of money or other property stolen while the passengers were asleep. If porters were not kept on hand to guard the property of the sleepers.

In the case just decided the passenger, a woman, lost a sum of money which she had in a small satchel. It was apparent from her testimony, and from that of the porter, that she must have lost the purse while she was in the dressing room at one end of the car. The general term judges decided that it was essential for the plaintiff to show that the money was taken from the birth while she and her husband were sleeping. The probabilities, however, of the case were against that theory, and if she lost the purse, or it was stolen from her in the dressing room, the company would not be liable, for the only negligence complained of was that the company had failed to maintain a constant watchfulness over the interior of the car while the passengers were sleeping.

The March 13, 1843 he married Miss Ann E. Yates, niece of Lieutenant Keuben C. Yates, an officer in the war of 1812. He was the father of four children, three of whom survive him—one son and two daughters.

His son, W. S. Gaines, is President of the Gaines Coal Company, Fordsville.

One of his daughters is the wife of Mr. E. R. Murrell, Book-keeper for Buckner & Co., Real Estate Agents,

Dr. Price's Cream Baking Powder World's Fair Highest Medal and Diploma.

Louisville, Ky., and the other is the wife of John W. Hale, the Jeweler at Fordsville.

In the year 1853 he joined the Christian Church, and at the time of his death he was a member of this church at Fordsville.

He participated in the obsequies of Henry Clay at Ashland.

Captain Gaines was a Royal Arch Mason, but for many years he has demitted as such.

He was a man widely known for his hospitality and Christian acts. He was engaged in public business of some kind until about five years ago, when he retired from active business pursuits and took a deep interest in his church affairs.

He was an ardent Republican and spoke with pride of having voted for both W. H. Harrison and his grandson, Benjamin, for President. He was successful both times.

He died of flux at 6 o'clock a. m., Sunday August 12th, 1894, aged 81 years, five months and twenty days.

On the morning of the 13th, after services at his church, the Masonic Fraternity laid him to rest in the Fordsville Cemetery by the side of his wife, who preceded him on September 26th, 1877.

When a doctor considers it necessary to prescribe sarsaparilla, he simply orders a bottle of Ayer's, knowing full well that he will obtain thereby a surer and purer preparation than any other which the drug-store can furnish. Ayer's Sarsaparilla is the Superior Medicine.

ROBIN HOOD

Writes About Sweet Mario, Gov. McKinley, &c.

SHIPS THAT PASS IN THE NIGHT.—This book seems to be the latest literary sensation. It has been read and discussed in social circles. What extraordinary merit there is in it we have been unable to decide. It has been taken up by society and music-halls.

It will sink into obscurity equally as suddenly. The old saying that a "Rose by any other name would smell as sweet," will not hold good in the case of this book.

Give it any other name and the book would not attract even a passing notice. It is prominent by reason of its name. The verse which is taken by the author as the foundation of the work is better than the context. One thing however may be said in favor of the book. The churches of Berwadine, the heroism is very beautiful. And from her quiet useful life some lesson of value may be drawn.

Berwadine as she goes from the bedside of the sick and suffering, whom she cheered and comforted by her words and presence is a picture of the gentle self-sacrificing Christian woman. This character is well portrayed by the author. Otherwise the work is devoid of special interest.

SWEET MARIE.—This popular little song, like "After the Ball," "Maggy Murphy's Home," and "If You Love Me Darling," has had its day.

The scene must change rapidly and constantly else the votaries of fashion-life thinks life is burdensome. There is an abnormal desire for pleasure in high life, but it cannot endure monotony. Here when a song is taken up by society it is "all the rage" for a while. Nothing is heard but it. Soon, however, something new is demanded; it is found and then all others are forgotten.

The air of "Sweet Marie" is rather pathetic; the sentiment of the song better than that expressed in the song of the day. It is particularly adapted to the sentimental age of the people. For instance:

"When I hold your hand in mine Sweet Marie,
Sweet Marie come to me.
A feeling most divine Comes to me."

—and again:

"Every daisy in the dell,
Knows my secret, knows it well;
And yet I dare not tell,
Sweet Marie."

The best sentiment of the song, is in the chorus. It says:

"Come to me Sweet Marie,
Sweet Marie come to me.
Not because your face is fair,
Love to see

"But your soul so pure and sweet,
Makes my happiness complete;
Makes me falter at your feet,
Sweet Marie."

"Sweet Marie" has been heard long enough, and its touching strains will be replaced by something new, which in all probability will not be so good.

MR. MCKINLEY.—The President of the United States or even a crowned head of Europe would not meet with that great enthusiasm, which has been greeting Mr. McKinley in his recent tour through the United States. It must be remembered that while Mr. McKinley is Governor of Ohio and has been a representative in Congress that these honors are no more than have been bestowed on thousands of American citizens. It is not, therefore, the homage paid to high official station or the courtesy that prompt thousands to get a peep at royalty, that causes the multitudes to see and hear Gov. McKinley. It is from other motives entirely that he is tendered the magnificient orations that meet him everywhere.
